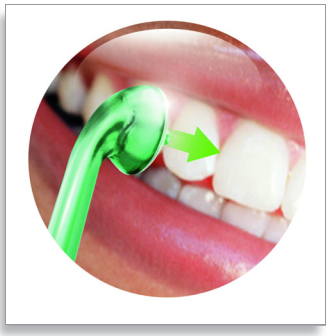
Specifications

Technical specifications

- Operating time: Replace nozzle every 6 months

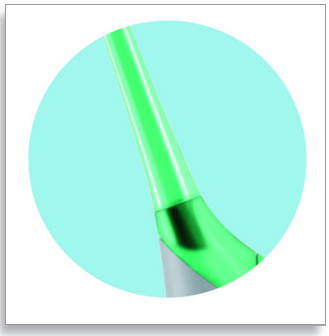
Highlights

Guidance tip



Simply glide the guidance tip along the gum-line until you feel it settle between the teeth. Provides easy positioning even on those hard-to-reach back teeth.

Slim, angled nozzle



Slim, angled nozzle for easy to even the hard-to-reach areas

Printed droplets on nozzle

In each pack of 2 nozzles, one nozzle is printed with a solid droplet and the other with a clear droplet. This makes it easy to identify nozzles when sharing the device between two people.
